Level 1 Thistle Estates

1. Report

- ✓ Provides a concise overview of the property's condition, based on a visual inspection carried out on the date of survey.
- ✓ Highlights urgent defects, significant risks, or issues that may affect the property's value.
- ✓ Uses a clear "traffic-light" rating system to summarise the condition of key building elements.
- ✓ Suitable for modern, conventional properties in reasonable condition.
- ✓ Equivalent to the RICS Home Survey - Level 1, offering an objective evaluation of the property's condition at a budget-friendly price. However, its scope is less extensive than the more detailed RICS Home Survey Levels 2 or 3.
